It may well be that the cider season as we know it is already over but that doesn't mean that you cannot enjoy an amazing experience with us. What's more, there are plenty of activities around the cider in some villages near San Sebastian: in Usurbil on the 18th, in Astigarraga on the 24th…

So make the most of the good weather in the coming days and visit an authentic and traditional cider house where you'll learn all there is to know about making cider, from the apple trees to the pressing of the fruit and obtaining the juice.

A visit to San Sebastian, the gastronomic paradise, wouldn't be complete without the cider house experience: learning, tasting and having lots of fun.

For more information, don't be shy and ask us!!!
