Team-building exercises can be a powerful way to unite a group, develop strengths, and address weaknesses – but only if the exercises are planned and carried out strategically. In other words, there has to be a real purpose behind your decision to do the exercise – for example, improving the team's problem-solving or creativity skills – rather than because you felt like giving your people a nice day out of the office.

Are you looking for a way to start or end a meeting for you top level executives that bring a sense of unity and comradery then the Petritegi Cider Cellar is the place for you.

iritegi is located in the village of Astigarraga, in the heart of Basque cider country.

Our cider farm is the result of a cider making tradition at the Petritegi farmhouse, which dates back to before 1558.

Today, the Petritegi cider farm offers you an ideal location to enjoy Sagardoa (natural cider): They are located in the heart of the countryside, surrounded by apple orchards, only three (3) miles from San Sebastián; they have a number of comfortable, attractive dining rooms in which they offer a cuisine that suits the characteristics of Sagardoa (traditional menu which includes delights such as : Red sausage braised in cider, codfish omelette, codfish with peppers, T-bone steak, local cheese, quince jelly and walnuts, Almond pastries from Tolosa); their large cider hall has more than 40 barrels and is open all year round. They have more than 70 years of experience of serving their customers. The family style setting and the lively atmosphere make way for sharing and great conversation.

If you would like to surprise your clients with a unique dining experience, Petritegi offers you the cider "tour" all year round. To learn more about the Petritegi or to schedule a tour; visit their website at <http://www.petritegi.com/en>.
